Kayne SHAW

3rd-year student at Epitech — Cloud / Cybersecurity apprenticeship placement
Marseille, France / Willing to relocate (driving licence) | +33 6 07 86 86 33 | kayne.shaw@epitech.eu
Portfolio: kaynecloud.github.io/Portfolio | GitHub: github.com/KayneCloud
Available for 33 months, January 2027 to September 2029 | Schedule: 4 weeks in company / 2 weeks at school

PROFILE

3rd-year student at Epitech Marseille, looking for a 33-month apprenticeship placement in Cloud or Cybersecurity, from January 2027 to September 2029. AWS Certified Cloud Practitioner, currently preparing the AWS Solutions Architect – Associate and Introduction to Linux (LFS101) certifications. My programme covers development, systems and algorithm fundamentals, which I put into practice through hands-on projects: a web application with a REST API and a MySQL database, a responsive website and a Python game.

SKILLS

Cloud & tools: AWS, Git, GitHub, PowerShell.
Languages: Python, Java, JavaScript, PHP.
Back-end: Flask, MySQL, REST API.
Front-end: HTML, CSS, React.
Soft skills: adaptability, teamwork, curiosity, eagerness to learn, critical thinking.

CERTIFICATIONS

AWS Certified Cloud Practitioner – Foundational | 08/2026
Introduction to Linux (LFS101) – The Linux Foundation | Planned 11/2026
AWS Certified Solutions Architect – Associate | Planned 12/2026

TECHNICAL PROJECTS

Full-stack job board website | 10/2026
- Full-stack development with React (front end) and Flask (back end).
- Database design and setup with MySQL.
- Built a REST API to manage job offers and applications.

Website | 10/2026
- Development with HTML, CSS, JavaScript and React.
- Responsive design.

Python game with Pygame | 09/2026
- Developed a game in Python with Pygame.
- Score management and game mechanics.
- Used the terminal to run and test the game.

EDUCATION

Master of Science in Cloud & Cybersecurity — EPITECH | Marseille | 2026–2029
3-year programme: a first year of intensive training in development, systems and algorithm fundamentals, followed by two years of specialisation in Cloud and Cybersecurity (cloud computing, IT infrastructure and systems security).

Bachelor's degree in Sports Science (STAPS) | Avignon University | 2023–2026
Study of the biological sciences of sport and their applications to everyday life and physical education.

PROFESSIONAL EXPERIENCE
